

MedECC Second Mediterranean Assessment (MAR2)

Pre-scoping questionnaire

The deadline to complete pre-scoping questionnaire is March 2, 2025. The preferred format complete pre-scoping questionnaire is the online form. Please use the present file only if you encounter technical problems using the online form. This form should be completed in English, saved as a PDF file, and sent by email to the MedECC Secretariat at contact@medecc.org. Please indicate "MAR2 – pre-scoping" in the subject field of your message.

1. **In your vision, which are the main, relevant elements that could be addressed in the MAR2?** (clear and specific topics/questions/sectors, maximum 100 words)
2. **Please highlight emerging knowledge (including scientific, technological, policy) that you consider highly relevant for this Report. Are there any potential overlaps with assessment reports from other bodies?** (maximum 100 words, also list a maximum of 3 examples, include references if appropriate)
3. **Which stakeholder challenges or decision contexts is this Report relevant for?** Please rate (very low, low, medium, high, very high priority) each of the following keywords:
 - Disaster risk management
 - Adaptation planning
 - Mitigation policies
 - Economic policies
 - Sustainable development policies
 - Impact of response measures
 - Increasing resilience
 - Other (please specify, 50 words maximum)
4. **Please indicate the top three key questions that you believe the MAR2 should answer and why you believe these key questions are the most important for the MAR2 to answer.** (maximum 200 words)
5. **Please indicate the top three indicators that you believe the MAR2 should answer and why.** (maximum 200 words)
6. **The MAR2 will be communicated to non-specialists. In your view, how could this be best served by the report structure, presentation and supporting material?** (maximum 150 words)
7. **How do you expect this Report to be used and what is its expected impact for your institution and/or field of expertise?** (maximum 100 words)
8. **In your opinion, which report outputs, if any, would need to be developed and/or modified in reference to previous MedECC assessments, to improve their use in policymaking?** Please select all that apply:
 - Chapter of Assessment Report focused on policy options/responses
 - Other chapters of Assessment Report
 - Background information in the summary for policymakers
 - Key messages in the summary for policymakers
 - Factsheets
 - Media release
 - Outreach video
 - Social media assets

9. **Do you have any other comments or suggestions?** (*maximum 100 words*)

10. **The responses to the questions will be treated as anonymous. To help evaluate the coverage of the results, please indicate:**
